Dear [REDACTED]

### **Request for Information**

I write further to your request FOI ID 32116 under the Freedom of Information Act 2000 regarding:-

Integrated share data system in your ICS

Your request is set out below:

I'm writing to you because we are collecting information about integrating the data related to patient data records in the different ICS in England.

Unfortunately, I couldn't get this information through your website. For that reason, I was wondering if your ICS has established any data platform or collaboration platform to integrate the data.

**KMPT have the Kent & Medway Care Record (KMCR) which KMPT send information to along with various other NHS organisations across the county. There is also the Medical Interoperability Gateway which allows information to be shared between GPs, ourselves and EKHUFT.**

I confirm that the information above/attached completes your request under the Freedom of Information Act 2000. I am also pleased to confirm that no charge will be made for this request.

If you have any questions or concerns or are unhappy with the response provided or the service you have received you can write to the Head of Information Governance at the address on top of this letter. If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a decision.

Yours Sincerely

On Behalf of  
The Information Governance Department
